

Don't take your **POWER** for granted, be prepared with a **GUARDIAN** Automatic Home Standby generator.

- *The inconvenience of **POWER OUTAGES** and **BLACKOUTS** are becoming a way of life*
- *Keep lights, security systems and coolers on*
- *Keep heating, air conditioning, refrigerators, sump pumps, refrigerators and water heaters operating*
- *Keep lines of communication open (telephone, television and internet)*

## Are you prepared to handle a **POWER OUTAGE?**

*Most people are not. They rely on candles and blankets and hope the food in their refrigerators doesn't spoil.*

**GUARDIAN** automatic standby generators take the worry out of power outages. As the # 1 selling home standby generator, **GUARDIAN** provides peace of mind for **HOME**, **COTTAGE** and **BUSINESS** owners. No one else in the industry can compare.

Whether you're at **HOME** or **AWAY**, your **GUARDIAN** standby generator is ready to assume control of your electrical needs the moment a power outage occurs. Within seconds, back-up electricity is provided to your **HOME**, **COTTAGE**, or **BUSINESS**, restoring essential items (lights, climate control, sump/well pumps, refrigeration, etc.) so you can continue on with your day.

Unlike a portable generator, you don't have to go outside, run a maze of extension cords or mess around with gasoline, because an automatic standby generator operates on your liquid propane (LP) or natural gas supply. Plus, when utility power returns the generator automatically shuts down and awaits the next outage.

Owning a **GUARDIAN** automatic standby generator has never been more convenient or affordable. Let us install one in your **HOME**, **COTTAGE** or **BUSINESS** today, giving you that peace of mind and most importantly providing protection for your family and belongings.
